DESCRIPTION Neàpolis is an innovation agency for technology, design, and entrepreneurship. We provide educational programming, space, and support to facilitate collaborative practices and learning opportunities across a community inspired by the entrepreneurial experience. As Public Innovation Agency for ICT and Multimedia, Neàpolis has been strengthening Vilanova i la Geltrú and its territory of influence as a business location for IT, media and creative industries since 2006. Neàpolis improves local innovation and competitiveness including the promotion of regional, national and international cooperation. Neàpolis focuses on supporting successful entrepreneurship especially in small and medium-sized companies, also connecting them with application-oriented research and public funding programmes.
