## Description

Innovae Augmented Reality is a technology consulting firm specialized in Augmented Reality and Mobile Applications. Our clients are companies which want improve the promotion and communication of their products using innovative technologies. Our services allow our clients to innovate in all their communication strategy processes (online, mobile, events, points-of-sale and business visits). Our main product is ARpad, a tool designed to improve the sales-team results. It consists of an App that can hold any kind of information about their products. The contents may include pdf, power point, video, as well as 3D animation and augmented reality.
