Description

As a recognized leader in audio signal processing, ARKAMYS develops innovative software and services for the automotive, home entertainment, mobile phone and connected objects industries. The sound experts at ARKAMYS are renowned for their work in 3D audio, voice processing, and sound rendering. These same experts create cutting-edge solutions that optimize the speech intelligibility and audio quality of consumer electronics products. ARKAMYS consistently delivers exciting new audio technologies across the globe, expanding its reputation over the past 15 years to create a strong presence in the USA, Europe, Japan, Korea, and China.
