### Description

We are a company founded in 2010 in Barcelona, focused on Global Capital Mobility and innovation, and we are focusing on mobile technologies. We have a team to develop custom projects and our own products line - Kokoro Studio. We also have a special lab of I+D where we incubate projects related to mobile technologies such as Manduka Games, startup focused on appgaming. Our first three years were spent under the umbrella of Barcelona Activa and now are in the 22@Barcelona innovation district. We also have an office in Madrid and at the end of 2014, we will open offices in London.
