Description

Eurodesign Ltd. is developer and manufacturer of hotel entertainment, communication and interactive system solutions, developer of mobile applications, distributor of retail systems and participant in OEM and Private Label projects. During our 7 years of experience and professional growth we successfully managed to sense, adapt and react to the various market demands, which is a core competitive quality in nowadays rapidly changing market environment. We focus our attention on developing innovative and cost-effective technology products tailored to the hospitality industry, hoteliers' needs and the private business. Our InfoStar system solutions represent unique tool for presenting relevant information about the hotel brand and the services offered to guests through interactive multimedia crystal clear HD picture while in constant real-time communication with the hotel's Property Management System (PMS).
