Description

Established in 2007, RotaSoft is a mobile game development company. RotaSoft develops advanced 2D, 3D and isometric games in Unity, native IOS and native Android platforms. We publish our games on App Store, Play Google and Facebook. We develop stunning mobile games with beautiful graphics and entertaining game play. Our experienced development team produced games in different genres including strategy, racing and gambling. RotaSoft is always player-focused, we follow what our players say and what they do, we track every moment then we act for best player experience.

Our mobile games are:

WarKingdoms is an easy to play, very addictive strategy game. WK is free to download for iOS and Android platforms. Players establish kingdoms with their friends and struggle to conquer the world. Players gather armies, build alliances and enjoy from managing a real kingdom through diplomatic relations. WK has a loyal userbase and competitive revenue per user.

Royal Slots is a free to play slots game. It provides various slot machines for various pleasures. Royal Slots is regularly updated with new slot machines. It is available both on App Store and Play Google.

League of Racers is a car racing game. It is free to play 3D endless racing game with motivating game atmosphere and smooth game controls. Players can select their favorite cars and race against other players in live tournaments. League of Racers is available on App Store, Play Google and Facebook.
