Description

Exomi develops mobile messaging and data infrastructure solutions that enable mobile network operators and service providers to take total control over their services and optimize the network resource usage.

Our comprehensive product suites include Mobile Messaging and Browsing, Mobile Marketing, hosted RCS, PMR (Tetra, Tetrapol) and Mobile Identity management. We focus on reducing the complexity of the rollout, delivery and monetization of value-added services for faster time to market, boosting revenues and reducing fraud.

With an extensive track record of global installations since 1996, our solutions have been deployed in more than 170 wireless networks. For more information, visit www.exomi.com.
