Description

Our local organisation offers services to SMEs and municipalities.

- municipalities : support for territorial development projects
- companies : support to business development, business intelligence and business networks, organisation of activities (fairs, B2B, seminars, trainings, etc.)

For many years, we have been managing several European projects (FEDER, Interreg, EEN) to develop the territory and offer some support to our clients. For the next EU Programmes, we will focus on smart city projects, creative incubators and fab labs, promotion of short distribution networks and circular economy.
