Description

Firm of consultancy and information technology services, founded in 1989 by a group of business management and information technology professionals, with wide experience and recognition among Spain's main organizations and companies.

Consultants with a vocational commitment to the continuous improvement of the information systems and work methods of large organizations. We design, build and start up information systems featuring high-level, proven technology, aligning currently available technological potential with the business and user approach of our clients.

Specialized in organizations with intensive information systems usage, in main industries: Banking, Insurance, Public Administration, Manufacturing and Utilities
