## Request

## Distribution partner or VAR

Seeking strategic distribution partner in the Wi-Fi industry to add the MetaGeek product line to their catalog.

We manufacture 3 main product lines to target jobs that Wi-Fi administrators need to get done:

1) Scan + Troubleshoot - includes Wi-Spy Mini + inSSIDer Office software. You can read more about the "Discover" suite at <http://www.inssider.com/inssider/>

2) Diagnose - includes Wi-Spy DBx or 2.4x (hardware) + Chanalyzer (software). You can read more about the "Diagnose" suite at <http://www.metageek.net/products/wi-spy/>

3) Optimize - packet analysis including AirPcap Nx (hardware) and Eye P.A. (software) You can read more about the "Optimize" bundle at: <http://www.metageek.net/products/eye-pa/>

4) Map & Plan - we also sell 3 site survey and design products at varying price points. To read more, go to: <http://www.metageek.net/products/map-plan/>
