Request

attend® Mobile solutions - Enterprise Partner

We are mainly focused in developing the marketing of attend®Mobile solutions (for smartphones based on Android and iOS) with several host applications:

. attend® Council ,to improve municipal incidents and citizen services

. attend® Service Desk, for service management in different departments (IT, Sales, Logistics, maintenance ...)

. attend® Project, for project management and task tracking, alerts, milestones, workloads ...

. attend® Monitor, for system monitoring based on SNMP solutions ...

We would establish business collaboration with companies which have a market experience in Europe, USA, Canada and LATAM. It is important physical presence and professional knowledge in those markets.

You can join our attend® channel Partner, as a Sales Agent or Enterprise Partner. It would be appreciated a serious commitment and involvement in this project to open the attend® solutions to the market.

We would be pleased to provide further information to all those companies that see in attend® Mobile an interesting way to develop the business opportunities in service management solutions.

Link to attend® to see detailed information about our solutions and the collaborative model.

See you soon at the Mobile World Congress 2015.
