Description

Solid Education is the biggest Game Development and Business Solutions online education center for High school/University students in Lithuania. Established in 2014 and based in Kaunas, Lithuania we teach 100 students from 20 cities. We specialize in game development, business apps development and provide high-quality software development teams. We provide dedicated online education and software development teams for games with Unity, virtual reality with Oculus Rift, quadcopter drones with Parrot, cloud with Microsoft Azure, business solutions with Microsoft .NET and E-commerce with Magento for customers world-wide.
