Description
App Development specializing in the photo industry. We have developed and launched "tap2print", an App for printing photos, compose photobooks and photo calendars, one of the first Apps in this European sector. This App is focused to Large Companies who want to increase their brand value and income, and Professionals of the photo industry to receive / produce photo orders. It has been translated to 10 languages and supports any currency. Our goal is to find out investment, commercial collaborators or Large Companies interested in having "tap2print" personalized with their brand.
